THE GREEN SOCCER GOAL FROM HELOGOAL

People today wish to live sustainably; consume sustainable food, use products that respect, and reuse in a responsible manner. helogoal recognizes these challenges and has made significant investments in the manufacturing process of our products.

helogoal aluminum suppliers are increasingly producing materials that are sustainable and consume fewer raw resources. helogoal and our suppliers are positioned to provide products that can be produced using fewer newly obtained raw materials. We are excited to bring our new product line to the United States and the members of United Soccer Coaches.

The Green Soccer Goal (Das grüne Tor) line. Products from this line are made from aluminum that is 80% verified recycled aluminum. In addition, 65% of the electricity to manufacture The Green Goal line uses electricity, generated from wind and solar power.

helogoal, The Green Soccer Goal line is the latest innovation in soccer goal production. Reach out today and ask how your organization can transform your training fields with Goals that respect our planet and support sustainable production.

TEAM SHELTER

CUSTOM DESIGN

We offer a wide range of custom designed team shelters. Our creative team can work with you to develop your unique vision to your specific needs. We can design shelters that work in high wind environments, challenging fan viewing angles, or just your own creative desire to have your own custom team shelter. Our team can factory apply any advertising you wish, or build it so you are able to apply your own advertising.

Our creative team has worked with leading global soccer brands to solve their most pressing needs. We always offer the highest quality German construction. We look forward to hearing from you and solving your pressing team shelter needs.
